

## PERSONAL STUDY STAYS

Krishnamurti Educational Centre of Canada (KECC)

These study stays are meant to provide a supportive setting for sustained self-inquiry, with J. Krishnamurti's teachings as a resource. To that end, you will have access to our library, a support person and a serene ocean-front setting.

We provide a room with its own private bathroom, as well as cooking facilities. Please note that meals are NOT provided and cooking is vegetarian only!

We are located in a rural setting on the outskirts of Victoria, BC, Canada. Since there are steep cliffs, uneven terrain and other natural hazards on the property you will be asked to move about with care and agree to a liability waiver.

Transportation options include a bicycle, your own or a rented car, taxi or bus service, with a 10-minute walk to the nearest bus stop. A restaurant and grocery store are a half hour walk away. Free Wi-Fi is available onsite.

Rate: \$80 Canadian Dollars/night (about \$60 US Dollars/night)

Minimum Stay: 7 nights

KECC is a registered charitable organization with an educational mandate. To remain charitable, a structured format and a study plan is required by Revenue Canada. Thank you for your understanding and collaboration.

We ask that you create your own personal study outline based on your preferences for inquiry. It includes the key themes or questions you would like to explore. This can be created in collaboration with your support person at the beginning of your stay if desired. Your stay includes daily check-ins or meetings with your support person to explore any questions you may have.

To help with your personal study, we ask that you maintain an outline or log of your study activities, such as use of the library and videos. At the end of your stay, we ask that you hand in a brief summary about your stay at the Centre. This may

include any insights or reflections that may have emerged during your stay and the key themes of your personal study program.

We welcome you to our Centre for the opportunity of self-inquiry in a serene and supportive setting!
